**Digiday**, GQ (2017)

## Product + Design Leader in the intersection of software & media.

Built numerous revenue-generating media products, led design and engineering teams, helped create and scale a universal design system for the most renowned media brands in the world, designed mobile apps & enterprise software for startups. ∞ Passionate about the future of media which I've been obsessing over for 10+ years.

## Product Development Consultant (Strategy, Design, Operations)

*Apr 2019 - Present*

- Led design & engineering in refactoring + scaling a design system to new products
